

## IUCLID4 to IUCLID 5 Migration Training

Run regularly throughout the year – check [www.reachready.co.uk](http://www.reachready.co.uk) for the latest dates.

### Why Attend?

Already using IUCLID4 (or another previous version of IUCLID)? This one-day training course will bring you up to speed with the new version and teach you how to move all of your data across.

The objective of this course is to understand the mechanism of the migration of IUCLID data from previous releases into the newest IUCLID version and to ensure that the provided functions are applied in the right order. You will learn how to evaluate the migration report to correct any errors in the migrated data.

You will also be taught about the new features of the software.

### Who Should Attend?

All users of previous IUCLID versions (1 to 4), who want to transfer their data and learn how to use IUCLID5.

### What's covered in the programme

- Data flows
- OECD templates
- Data exchange format
- Data mapping
- Special features of the interface
- Preparing the migration process
- Execution of the migration process
- Evaluation of the result of the migration process
- Data correction

### What to expect on the day

REACHReady's unrivalled knowledge of the regulation is combined with TRASYS' expertise with the REACH software to deliver our 1-day IUCLID4 to IUCLID5 Migration Training Courses.

They limited to a **maximum of 20 participants**, each will be provided with their own dedicated PC to use throughout the training, and there will be a minimum tutor to student ratio of 1:7 ensuring a really practical experience and a good level of interaction. We have an informal style so there will be plenty of opportunity to ask questions! Lunch and refreshments are provided.

We offer a full range of REACH-IT/IUCLID5 training courses from our basic foundation workshops to advanced training for IT professionals – see [www.reachready.co.uk](http://www.reachready.co.uk)
